LIFE HEALTH NETWORK **diabetes** **UNDONE** **SAVED MY LIFE!**

My name is Jim Landelius. At 18, I weighed 175 lbs. Thirty-five years later, I was 404 lbs. I had no energy; getting up from the couch was a serious struggle. For years, I knew I was prediabetic but, like so many others, I turned a blind eye to my worsening condition. Then I had bloodwork done and my A1C was 14! The cutoff for diabetes is 6.5 or higher. My nurse practitioner asked, "Are you trying to kill yourself?" That was the wake-up call I needed. I started to practice what I learned in Diabetes Undone, and **today my type 2 diabetes is in remission, my A1C is 4.8, I weigh 225, and I'm medication-free.** This could be **YOUR** story.
